**Completed grant applications are due Monday, May 1, 2006 by 4:00 pm.**

The Collin County Health Care Foundation was established in 1983 to assist in providing health care to the citizens of Collin County, Texas. The Health Care Foundation is currently the primary funding source for many health care services provided by Collin County including; immunizations, communicable disease intervention, health education, travel medicine and indigent health care. Based on requests from numerous community groups seeking financial assistance for health-oriented activities, in 2003 the Collin County Commissioners established this grant program.

#### **Priorities:**

The Collin County Health Care Foundation encourages health oriented projects/programs that are developed in consultation with other agencies and planning groups; increase coordination and cooperation among agencies; and address a need in the community/county. Preferences will be given to proposals that:

- Promotes volunteer participation and citizen involvement in the project;

- Due to the expected volume of proposals, not all proposals may be funded by the Collin County Health Care Foundation. An unsuccessful application does not reflect the worthiness of a particular project.

#### **Eligibility:**

- Grants will only be made to non-profit agencies that have a federal 501(c)(3) tax-exempt status determined by the Internal Revenue Service.
- If your agency is not currently recognized by the Internal Revenue Service as a 501(c)(3) tax exempt non-profit, you may identify a 501(c)(3) sponsor to act as your agency's fiscal agent. Successful applicants are encouraged to apply for their own 501(c)(3) status.

- Only proposed projects that have a physical presence in the county and serve Collin County residents will be considered for funding.
